2017 Annual Report

TO LIVE BETTER WE MUST LIVE UNITED.
Since its start in 2007, our community has saved $1,801,189 in prescription costs.

Now in its third year, United Way’s Creating Clean Communities initiative has given out over 3,300 garbage bags to help with over 30 community clean-up projects.

From July of 2016 through May of 2017, Mass 2-1-1 received 4,225 calls for help in greater Plymouth County.

Since launching in 2013, Volunteer SouthCoast has 4,691 users, 195 agencies registered and 294 opportunities.
Dear Friends,

Challenges abound in our world, and among them is the challenge to insure that our most vulnerable neighbors have the life changing, and sometimes the life saving, health and human services that they need. Our United Way of Greater Plymouth County and its partners continue to work hard to generate the essential financial and human resources necessary to care for our communities' youth, families, veterans, and elders. We thank our hundreds of local businesses and generous benefactors who generously give both their financial donations and their valuable time and talents to our mission “to unite people, ideas and resources to improve lives”.

The sad truth, however, is that we are still not raising enough financial resources to adequately meet the needs of our neighbors, and with the very real prospect of significant reductions in governmental funding for health and human services on the horizon, it is clear that more help will be needed. We need to redouble our efforts, and we will need your help.

We hope that the confidence and trust that our United Way has built up over the past decade, will convince both our community partners and corporate supporters to move forward with inspiration and innovation to discover more efficient and effective ways to solve our most pressing community problems, and to raise needed dollars. As we continue to implement our five year strategic plan, we have the benefit of having both great minds and compassionate hearts that will insure our success in lifting our neighbors up out of their deprivation and their desperation.

In recognition that our ongoing challenge to meet our neighbors’ needs cannot be accomplished without your help, our theme for our 95th Annual Meeting and our upcoming United Way Campaign is, “To live better, we must LIVE UNITED”! So, thank you for all you have done over the years to support the work of United Way of Greater Plymouth County, and thank you in advance for your help as we continue our work together in the future.

Respectfully,

Steven T. Hall, Chair
Board of Directors

Dennis P. Carman, President & CEO
United Way of Greater Plymouth County
We unite people, ideas and resources to improve the lives of people in Greater Plymouth County.

Our efforts are instrumental in making Greater Plymouth County a safe, healthy and well-educated community in which people’s needs are met effectively, respectfully and compassionately.

Dear Friends:

I trust my colleagues at UPS will agree that I am not, by nature, a boastful person. As I assume my new role as Chair of the United Way of Greater Plymouth County I can’t help expressing enormous pride in the fact that the lives of thousands of our neighbors here in Plymouth County have been greatly improved because of the extraordinary partnership between United Way and UPS, as well as so many other socially responsible companies conducting business throughout the region.

As Chair, I look forward to working both with the staff of the United Way of Greater Plymouth County and with members of the business community to not merely maintain but also build upon this impressive record of achievement. It is at once, a daunting and inspiring test. I take on this challenge with great excitement; however, understanding fully that the reward lies in the faces of school children determined to improve their grades; supporting those fighting to defeat the torment of alcoholism or drug abuse; providing housing solutions for the homeless; assisting the elderly to live independently; ensuring that no man, woman or child goes to bed feeling hungry, or cold, or afraid; to ensure that those among us with special needs are treated with dignity and respect.

There is an old adage that says, “To whom much is given, much is required.” I count myself among those “to whom much is given.” Serving as Chair of the United Way of Greater Plymouth County provides me a special opportunity to fulfill my personal requirement of giving back by working with our local United Way as “We unite people, ideas and resources to improve the lives of people in Greater Plymouth County.” I am honored and determined to serve in this role and will work together with everyone to fulfill our mission “in making Greater Plymouth County a safe, healthy and well-educated community in which people's needs are met effectively, respectfully and compassionately”.

Respectfully,

John Doyle

LETTER FROM COMMUNITY IMPACT CO-CHAIRS

Though our United Way relies on significant financial contributions from companies and individuals in our community to support the life saving work of our community partners, our allocation process also relies on our community’s “human” resources, our United Way volunteers.

This year we were fortunate to have over sixty talented and resourceful individuals volunteer for our fifteen United Way Allocations Teams. The Allocations process is a demanding one requiring time and focus, but our volunteers, both veterans and new panelists, responded and found it rewarding. We encourage others to join them in this significant effort, a living demonstration of the value and strength of the community.

Allocations are at the heart of the United Way mission. Volunteer teams critically review the written Requests for Proposals (including site visits) and quantitatively score them based upon their perceived effectiveness. Sixty-two initiatives were submitted this year with requests totaling $1,835,731.

Those scores are then passed along to the volunteer Community Impact Committee that has the formidable task of granting the allocable funds to as many agency initiatives as possible. To no surprise in this challenging economy, the total dollars requested for all initiatives far exceeds the available funds. Nonetheless, the disbursement process is handled as fairly as possible. Fifty-five initiatives and thirty-one agencies were funded this year in our focus areas of health, education and financial stability.

Because we are still seeing a dramatic need for basic services, and because many of us have family members, friends and neighbors who are struggling, we ask that, if you are able, please continue to support our local United Way with your financial gifts and your equally valuable volunteer service.

Barbara Cowgill Co-Chair
Patrick Hamilton Co-Chair

As Co-Chairs, on behalf of the Board of Directors and all the people we serve in the greater Plymouth County area, we would like to extend a heartfelt thank you to our dedicated Allocation Panelists.

A complete audit of the United Way of Greater Plymouth County’s financial statements is conducted annually by an external CPA firm. This Financial Report, along with the organization’s IRS Form 990, are available upon request.

Independent Auditors’ Report

To the Board of Directors of
United Way of Greater Plymouth County, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of United Way of Greater Plymouth County, Inc. (a nonprofit organization), (the Agency), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Agency’s 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 28, 2015. The prior year summarized comparative information is not intended to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Supplemental and Other Information

The Supplemental Information Required by the Operational Services Division including the Uniform Financial Report (UFR) Cover Page, Schedule A - Organization Supplemental Information Schedule, Schedule B - Program Supplemental Information Schedule, Scheduled C - UFR Addendum and Acknowledgement of the Board of Directors, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we do not express an opinion or provide assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 17, 2016, on our consideration of the Agency’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Agency’s internal control over financial reporting and compliance.
