Since its establishment in 2014, United Way’s Warmer Winters initiative has proudly distributed over 900 coats to children in need (initiative pictured above).

Since its start in 2007, our community has saved consumers $2,693,890 in prescription costs.

From July of 2018 through April of 2019, Mass 2-1-1 received 4,382 calls for help in greater Plymouth County.

Our volunteer opportunity platform, Volunteer SouthCoast has 6,146 users, 229 agencies registered and 280 opportunities.

Now in its fifth year, United Way’s Creating Clean Communities initiative has given out over 3,807 litter bags to help with over 37 community clean-up projects.
Dear Friends,

“Hands United” is such an apt theme for our 97th Annual Meeting & Awards Celebration and for our upcoming 98th Annual United Way Campaign. It perfectly embodies the reality that in order for US to successfully improve the lives of OUR most vulnerable neighbors in greater Plymouth County, WE must work collectively, compassionately and cooperatively TOGETHER. The people who need US matter, and YOU, our partners in the community matter. THANK YOU!

Since 1922, United Way of Greater Plymouth County and OUR supporters have worked tirelessly to identify needs and to find solutions to meet those needs. Thanks to the generosity of hundreds of local businesses and thousands of individual donors, OUR United Way has raised significant resources dedicated to making a difference in the lives of families and individuals who most need OUR help. Through OUR annual United Way Campaign, and through OUR work to help families by partnering with Brockton's Promise and the MA Department of Children & Families at The Family Center, WE are changing lives. By “lending your hands” to the United Way cause, WE have been able to partner with the highest caliber health and human service organizations to fight for education, health and financial stability of everyone in OUR community.

Because of YOUR kindness and YOUR generosity, WE have been successful in helping thousands of OUR neighbors in southeastern Massachusetts, but there are more families and individuals who desperately need US. Please consider continuing to be both a financial donor and a valued volunteer of OUR United Way of Greater Plymouth County.

WE cannot thank YOU enough for reaching out with “hands united” to help OUR United Way care for OUR community!

John J. Doyle, Chair  
Board of Directors

Dennis P. Carman,  
President & CEO
MISSION & VISION

We unite people, ideas and resources to improve the lives of people in Greater Plymouth County.

Our efforts are instrumental in making Greater Plymouth County a safe, healthy and well-educated community in which people’s needs are met effectively, respectfully and compassionately.

Serving 22 area cities and towns

Thank you for supporting your neighbors in need!

Geographic Breakdown of Individuals Served by United Way of Greater Plymouth County FY2018

Total Individuals Served Across Service Area: 34,196*

*Map does not include neighbors served with designated donations which were collected and allocated through our United Way workplace campaign efforts.

From July of 2018 through April of 2019, 390 families were served by The Family Center made up of 794 total family members and 340 children.

Programs:
• Parent Classes, Nurturing Fathers and Parenting Journey
• Educational Support
• Support Groups for Grandparents and Fathers
• Women in Recovery
• Arts, Culture, Sports and Recreational Programs
• Life Skills and Training

The Family Center is located on 1367 Main Street in Brockton, MA. It is open Monday through Friday and also offers hours on Saturdays.
115 volunteers worked to better our community at our September 14th Day of Caring.
Dear Friends:

It's hard to believe that the last three times I served as Campaign Chair was over a decade ago! It was an honor and a pleasure to have been asked to come back and serve as Campaign Chair again this year. I feel very blessed to be volunteering alongside people who genuinely care about lending a hand to those around us who, for whatever reason, need our help. Our United Way is all about helping our neighbors in need make sustainable, lasting improvements in their lives, and the lives of their families. We're also very blessed to have such a terrific and hard-working United Way staff. They've all been extremely helpful to me this year.

I am also very grateful to our United Way Board, as well as all the volunteers on various committees and at partner companies and organizations who worked especially hard to help make this year's campaign a great one. A special “thank you” to the members of my Chairman's Advisory Committee, and to our Tocqueville Chair, Chris Oddleifson. What a great and dedicated group of tireless volunteers! Thank you all so much!

Thank you for allowing me to serve you, once again, as your 2018-2019 United Way Campaign Chair. It was a privilege. Keep up the great work!

Respectfully,

Bill McCann

We make a living by what we get, but we make a life by what we give.
~Winston Churchill
LETTER FROM COMMUNITY IMPACT CO-CHAIRS

Each year, our United Way relies on significant financial contributions from companies and individuals in our community to support the life saving work of our community partners. In addition to financial resources, our allocation process also relies on our community’s “human” resources, our United Way volunteers.

This year we were fortunate to have forty-nine talented and insightful individuals volunteer for our twelve United Way Allocation Teams. The Allocations process is a demanding one requiring time and focus, but our volunteers responded to the task and found it rewarding. We had an incredible mix of returning and new panelists roll up their sleeves. We encourage others to join us in this significant effort, a living demonstration of the value and strength of the community.

Allocations are at the heart of the United Way mission. Volunteer teams critically review the written Requests for Proposals (including site visits for each initiative) and quantitatively score them based upon their perceived effectiveness and impact. Sixty initiatives were submitted this year with requests totaling $1,217,236.

Panelists’ scores are then passed along to the volunteer Community Impact Committee that has the formidable task of granting the allocable funds to as many agency initiatives as possible. The needs in our community are great, and as a result, the total dollars requested for all initiatives far exceeded the available funds.

Nonetheless, the disbursement process is handled as equitably as possible. Fifty-nine initiatives at thirty-two agencies were funded this year in our focus areas of health, education and financial stability.

Because we are still seeing a dramatic need for basic services, and because many of us have family members, friends and neighbors who are struggling, we ask that, if you are able, please continue to support our local United Way with your financial gifts and your equally valuable volunteer service.

As Co-Chairs, on behalf of the Board of Directors and all the people we serve in the greater Plymouth County area, we would like to extend a heartfelt thank you to our dedicated Allocation Panelists.

RESOURCES COMMITTED TO THE COMMUNITY FROM UNITED WAY CAMPAIGN & GOVERNMENT CONTRACTS

Image of people holding up signs with the word "LIVE UNITED".
A complete audit of the United Way of Greater Plymouth County's financial statements is conducted annually by an external CPA firm. This Financial Report, along with the organization's IRS Form 990, are available upon request.

Independent Auditors' Report

To the Board of Directors of
United Way of Greater Plymouth County, Inc.

We have audited the accompanying financial statements of United Way of Greater Plymouth County, Inc. (a nonprofit organization), (the Agency), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Agency’s 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 23, 2017. The prior year summarized comparative information is not intended to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2017, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 24, 2018, on our consideration of the Agency’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Agency’s internal control over financial reporting and compliance.
