

PLEDGE FORM

Your donation to the LIVE UNITED Fund will help those in your **local** community.

Our Mission

We unite people, ideas and resources to improve the lives of people in Greater Plymouth County.

Our Vision

Our efforts are instrumental in making Greater Plymouth County a safe, healthy and well-educated community in which people's needs are met effectively, respectfully and compassionately.

How your dollars are invested through the LIVE UNITED Fund

United Way of Greater Plymouth County's Allocation Process is completely volunteer-driven. Residents from the local community volunteer countless hours reviewing financial statements and reports, making site visits and reading and scoring the formal request for funding from area nonprofit human service agencies. Local nonprofit organizations can apply for funding for initiatives that address the defined need areas of...

EDUCATION

Karen, an 11 year old girl with autism, requires significant support due to communication and learning disabilities. In the past, her mother, a single parent, struggled to earn a living and provide for the family. With assistance from United Way's **LIVE UNITED Fund**, and in cooperation with one of our partner agencies, Karen has received critical services resulting in enhanced social experiences and important learning opportunities. She is now more independent and eagerly looks forward to her weekly learning program – especially the music and drumming segments of her class.

HEALTH

John's parents were eager to find their son a meaningful vocation that not only appealed to his personal interests but was achievable in light of significant physical challenges. A life-long baseball fan, John uses either a walker or wheelchair to ambulate, has difficulty speaking clearly, and is legally blind.

When asked, John would say he wanted to make his living riding motorcycles and selling hot dogs at Fenway Park. With the help of one of our partner agencies and a transition program supported through our **LIVE UNITED Fund**, a mobile hot dog cart that can be transported to baseball games and other events is now a reality and will be open for business this fall! In spite of his health challenges John will soon be earning money while enjoying a growing self confidence and sense of accomplishment.

INCOME

Jane and her young son were in desperate need of housing, employment, and child care services after fleeing an abusive relationship and spending months in a domestic violence shelter. Thanks to help from United Way's **LIVE UNITED Fund**, Jane was referred to a job readiness program and then provided an internship at a local agency. Unable to afford a vehicle Jane purchased a bicycle and a bike seat for her child and then biked to and from her son's daycare center and her internship each day. Several months into her internship Jane was hired by the company and is progressing rapidly along a path toward self-sufficiency and a bright, secure future for herself and her family.

Your donation will be used to enrich the lives of people like Karen, John and Jane and will help them achieve their full potential.
